

Route1 Announces Market Maker Agreement

Toronto, Canada, June 8, 2022 - [Route1 Inc.](#) (TSXV: ROI) (the “Company” or “Route1”), an advanced North American provider of data-centric business empowerment solutions, provides an update on its market making agreement.

On February 1, 2020, Route1 entered into a market making services agreement with Independent Trading group, Inc. (“ITG”) located in Toronto, Ontario. The term of the agreement was initially a minimum of three months and has since been renewed on a monthly basis according to the terms of the agreement. The agreement may be terminated on 30 days’ written notice prior to the end of the month. The agreement has not been previously filed with the TSX Venture Exchange and remains subject to Exchange acceptance.

The purpose of the agreement is to make a two-sided market in the Company’s listed common shares (the “Shares”) and provide liquidity to the market. ITG’s objectives include: (i) limiting the difference between the bid price and the offer price for the Shares; (ii) assisting in maintaining a fair and orderly market for the shares; (iii) enhancing market depth and increasing liquidity; and (iv) acting as a liaison between the Company and the market by providing information regarding the trading pattern of the Shares. The fee for these services is \$5,000 per month, payable at the beginning of the month from the Company’s resources.

None of ITG or its affiliates or associates has any interest directly or indirectly in the Company or its securities, or any right or intent to acquire such an interest. ITG and the Company are unrelated and unaffiliated entities and, at the time of the agreement, neither ITG nor its principals had an interest, directly or indirectly, in the securities of the Company. ITG will not receive shares or other securities as compensation. The capital used for market making will be provided by ITG.
